MTN WEPRO Tiles & Furniture Paint

400 ml.

GENERAL DESCRIPTION

MTN WEPRO Tiles & Furniture Paint is a paint designed to quickly and economically renovate tiles, ceramics, and kitchen and bathroom furniture.

Its high-adhesion formula creates a durable and resistant finish capable of withstanding moisture, daily use, and common household cleaning products.

Tested against household products such as detergents, oils, and vinegar, it maintains its color and protection even in the most demanding areas of the home.

It is washable, allowing easy and frequent cleaning with soft cloths. Available in 5 colors and can be recoated with varnish or paint, making it the perfect solution for transforming any space without construction work or complications.

FEATURES

- Fast drying
- Good adhesion
- Good hardness
- Easy to apply and recoat
- High coverage

APPLICATIONS

- Tiles
- Hardwood
- Laminated wood

For laminated or treated wood, a preliminary test in an inconspicuous area is recommended.

If the surface has been previously painted with another paint, sanding and removing any remaining previous coating is recommended.

When applying to tiles, it is very important to apply the product to previously degreased and clean surfaces, free from any residual solvents or other cleaning products.

INSTRUCTIONS FOR USE

- Shake the aerosol thoroughly before use, for approximately one minute after hearing the sound of the mixing ball.
- A preliminary test in an inconspicuous area is recommended.
- Apply in thin coats for best results.
- After 48 hours, the coating will be fully dry and will achieve the desired mechanical resistance.
- Do not apply to energized equipment and use only in well-ventilated areas.
- Request the Safety Data Sheet.

PHYSICAL PROPERTIES

Binder Type:	Acrylic
Color:	5 colors
Gloss (60°):	15-50% Satin / >70% Gloss
Dry to touch (ASTM D-1640 / ISO 1517):	10 - 15 min
Full drying (ASTM D-164 / ISO 1517):	24 - 48 h
Dry film thickness (ASTM D-823 / ISO 2808):	15-20 µm.
Theoretical Coverage (continuous painting):	2,5 m ²
Solvent:	Solvent mixture
Shelf Life:	(Properly stored) 10 years
Recoat Time:	10 min
Application Conditions:	T: 5-35°C Max. Humidity: 85% R.H
